

St. Catherine Hospital Speakers Bureau

St. Catherine Hospital recognizes our commitment to the communities we serve. Not only our commitment to provide the best medical care available but our commitment to help build healthier communities.

To further our mission we have established a Speakers Bureau.

We have available several medical and business professionals from our organization who will come to your group meeting and provide information on our facility and the services we offer as well as any number of health related topics.

Please call or email to schedule a speaker or for more information.
